

Plum Street Samplers presents... *Mary's Sampler II*

STITCH COUNT: 99(w) x 95(h)

Cross stitches are used throughout; if using linen, one strand over two threads.

To stitch this sampler you will need the following supplies:

1. Fabric of your choosing. Suggestions: 36 ct. Vintage Exemplar or 36 ct.

Black Forest.

2. Threads. There are two options listed in the key: DMC or Gentle Art/Weeks Dye Works. Use either version that is listed in the color key, or make your own substitutions. As with everything you take the time to stitch, use what makes you happy (which isn't always what the designer uses!). PLEASE NOTE: If using black fabric, some of the colors will not show up. Substitutions for these colors are shown.

This sampler is composed of nine sections. One section per week will be posted to my blog: www.plumstreetsamplers.typepad.com

To stitch the first week's section, refer to the chart's center marking arrows to navigate to where you'll place the first motif.

Mary's Sampler follows the world-changing event recorded in the Bible passages of Matthew 1:18-23 and Luke 2:1-21 and 2:32.
