# Mary's Sampler

STITCH COUNT: 99(w) x 95(h)

Cross stitches are used throughout; if using linen, one strand over two threads.

To stitch this sampler you will need the following supplies:

1. Fabric of your choosing. A suggestion would be a neutral color, such as 36 ct. Vintage Exemplar by Lakeside Linens.

2. Threads. There are two options listed in the key: DMC or Gentle Art. Use either version that is listed in the color key, or make your own substitutions. As with everything you take the time to stitch, use what makes you happy (which isn't always what the designer uses!).

This sampler is composed of nine sections. One section per week will be posted to my blog:

[www.plumstreetsamplers.typepad.com](http://www.plumstreetsamplers.typepad.com)

To stitch the first week's section, refer to the chart's center marking arrows to navigate to where you'll place the first motif.

Mary's Sampler follows the world-changing event recorded in the Bible passages of Matthew 1:18-23 and Luke 2:1-21 and 2:32.

Matthew 1:23 - "Behold, a virgin shall be with child, and shall bring forth a son, and they shall call his name Emmanuel, which being interpreted is, God with us."

This chart is not to be sold. However, it may be copied, shared, or pinned. Thank you, and Merry Christmas!
